Tuesday A.M. -10:15-11:10

CS01-TA- TBA

Presenter:

Target Audience: All Teachers, Technology Coordinators, Specialists, Coaches, etc.

Target Audience: All

Time: 10:15-11:10

Room: 120

CS02-TA- POW! Infuse Some Google Apps and Extensions into Your Classroom

Presenters: Laura Prozan and Sherry West, New Hope Elementary

Now that we are a Google Apps for Education (GAFE) system, power up your classroom with some great Google Apps and Extensions to help you and your students become Super Heroes!

Target Audience: All Teachers, Administrators, Library Media Specialists

Time: 10:15-11:10

Room: 122

CS03-TA-EXTRA! EXTRA! INCREDI-TEACHER BREAKS INTO BROADCASTING!

Presenter: Jennifer Whitt, Sparkman Middle

Learn how to start daily student news broadcasts at your school with minimal time and money. Jennifer Whitt, 8th Grade Technology Ed Teacher, TIM, and Student Broadcasting Team Sponsor will demonstrate the tools needed to start and sustain a daily news broadcast that will keep your student body engaged and informed.

Target Audience: All

Time: 10:15-11:10

Room: 123

CS04-TA- Mighty MakerSpace Manifesto

Presenter: Cyndy Dunning, Mt. Carmel Elementary

Harness your vision with MakerSpace Manifesto. Breathe life and hunger for STEM, by first organizing a master plan; share this and you spread your dream. Draw energy from your community volunteer utility belt; empower your school and administrator to draw forth hidden treasure resources yet untapped. Go forth and Make.

Target Audience: All Teachers, Administrators, Library Media Specialists, Special Educators

Time: 10:15-11:10

Room: 124

CS05-TA- Around We Go with Aurasma

Presenter: Benita Moyers, Mt. Carmel

Are you looking to engage your students? QR codes are the hot thing right now, but did you know that there are augmented reality apps that make your projects come to life? Join me as we learn how to use the Aurasma app and website to create meaningful and engaging projects that seem to come to life before your eyes.

Target Audience: All

Time: 10:15-11:10

Room: 125

CS06-TA Symbaloo Superhero Training

Presenter: Becky Glenn, Monrovia Elementary School

Learn and create your own Symbaloo to maintain your sanity while streamlining students' online experience in your classroom (and to accomplish other educational amazingness). Symbaloo's uses are limitless: simplifying homework, student project collaboration, and dynamic whole-group instruction are just a few of the awesome ways to use your Symbaloo!

Target Audience: All

Time: 10:15-11:10

Room: 126

CS07-TA- Canvas Calendars

Presenter: Kelly Deiss, Math Teacher, Sparkman Ninth Grade School

Use your Canvas calendars to communicate plans, post video content, list homework assignments, and much more. Have it all in one place! This workshop will be a time to work on your own calendars, add links, put in information for a flipped classroom, and much more. Feel free to bring your questions and ideas to share.

Target Audience: All

Time: 10:15-11:10

Room: 127

CS08-TA- Digital Portfolios: Everything you Need to Know to Get Started for Free

Presenters: Daniel Whitt and Molly Bounds, Madison City

Digital portfolios remain a mysterious endeavor, but the team at Madison City Schools has dedicated the last 2 years to demystifying the process by creating and sharing every resource you will need to create digital portfolios with any grade level.

Target Audience: All

Time: 10:15-11:10

Room: 133

Tuesday A.M. -11:20-12:15

CS09-TA- How to use Google Drive with Canvas.

Presenter: Kaitlyn Gokee, Buckhorn High

This session will go through the basics of GoogleDrive, and dig deeper into how to connect Google to Canvas for assignments, essays, articles, and so much more!

Target Audience: All Teachers, Special Educators

Time: 11:20-12:15

Room: 120

CS10-TA- Google Tools

Presenter: Micheal Pepper, Athens State University

The most underused resource that we have! Google Drive, Docs, Forms. These are absolutely great for educators and too many aren't taking advantage. Come get an overview of these awesome resources!

Target Audience: All Teachers, Administrators, Library Media Specialists, Special Educators, Technology Coordinators, Specialists, Coaches, etc.

Time: 11:20-12:15

Room: 122

CS11-TA- Become a Weebly Webpage Wizard

Presenter: Amanda Elgin, Special Education Teacher, Athens Elementary School

Want one location where your parents can gain pertinent information? A teacher webpage is the perfect solution. Parents can see homework assignments, classroom expectations, or the weekly learning objectives. Beef it up with RSS feeds, Prezi presentations, or community links. Come learn how utilizing a free webpage creator.

Target Audience: All

Time: 11:20-12:15

Room: 123

CS12-TA— iPads and Chromebooks for more inclusive classrooms

Presenter: Kate Moseley, AT Specialist, T.A.S.C

Participants in this session will learn about helpful apps and internet extensions that all students (those with disabilities and those without) can benefit from.

Target Audience: K-5, 6-8 Teachers, Counselors, Special Educators, etc.

Time: 11:20-12:15

Room: 124

CS13-TA- 10 Things (At Least) you Didn't Know About iPads

Presenter: Mark Williams, Apple Computer, Inc.

This session is all about seeing what makes an iPad a unique learning tool. For example, did you know your iPad can read to you? How about, did you know that you can use the Reader mode to strip out ads on web pages? Did you know you can send documents to other iPads wireless even without WIFI being present? These are just a few of the things about the built-in features of the iPad as well as some app tidbits you'll learn in this rapid fire session.

Target Audience: All

Time: 11:20-12:15

Room: 125

CS14-TA-Share your Super Powers with ALEX

Presenter: Keith George, Alabama Dept. of Education

You are a superhero and it is time to share your super knowledge! Use the ALEX Web Portal to share your lesson plans, learning assets and video podcasts with your fellow teachers across the state and around the World.

Target Audience: All Teachers

Time: 11:20-12:15

Room: 126

CS15-TA- Go SuperSonic with Applications to Integrate Audio Recording and Sound in Canvas

Presenter: Amanda Solberg Smith, Hazel Green High

Looking to give students the superpower of more "airtime" and voice in class? Allow students to speak up without losing excessive instructional time with new tools. In this session, we will explore different techniques for submitting audio as a form of response via Canvas and other websites in BYOT classrooms.

Target Audience: 6-8, 9-12 Teachers

Time: 11:20-12:15

Room: 127

CS16-TA- "10 WAYS TO CHECK" ...for Understanding

Presenter: Nira Dale, Florence City Schools

Much effort in lesson planning answers the question, "What will I use to teach this?" However, the question that will have a greater impact on instruction is, "How will I know they've learned this?" Learn ways to embed structures for formative assessment and student self-assessment, making learning more relevant and engaging for students.

Target Audience: All

Time: 11:20-12:15

Room: 133

Tuesday P.M. -1:15-2:10

CS17-TP- Managing Your iPads with the new FREE Classroom App

Presenter: Mark Williams, Apple, Inc.

Want to know what your students are doing on their iPads, even if you can't see their screens? Want to be able to guide student use of iPads from your iPad? If so, then come to this session to learn more about the amazing Classroom app.

Target Audience: All Teachers

Time: 1:15-2:10

Room: 114

CS18-TP Google to the Rescue

Presenters: Shari Appel Laura McComb, Hazel Green Elementary/Lynn Fanning Elementary

This session will show lower elementary teachers how to use Google Drive for classroom organization.

Target Audience: K-5 Teachers

Time: 1:15-2:10

Room: 120

Presenter: Courtney Hamilton, Harvest Elementary

Participants will learn how to create, organize, and integrate Google Drive. This will include learning a great deal about creating documents, sharing, working and editing simultaneously, and making Real Time Presentations. *****This is for those at the BEGINNER level.*****

Target Audience: All

Time: 1:15-2:10

Room: 122

CS20-TP- Don't Stream Those Videos, Save Them!

Presenter: Micheal Pepper, Athens State University

It never fails when you have a youtube video planned for a class, the net will be down or worse..running at dialup speed! Capture those videos and run them on your local machine (no internet needed!!)

Target Audience: All

Time: 1:15-2:10

Room: 123

CS21-TP- TBA

Presenter:

Target Audience: K-5 Teachers

Time: 1:15-2:10

Room:

CS22-TP- The (Super) Power of Participate Learning

Presenters: Keith George, Alabama Dept. of Education and Davina Mann, Owens Cross Rds

Let **Participate Learning** show you the power of teacher reviewed resources and how curated collections can save you valuable time by identifying the best apps, websites, and online videos from around the web.

Target Audience: All

Time: 1:15-2:10

Room: 126

CS23-TP- Canvas Quizzes 101

Presenter: Savannah Parker, Teacher, Sparkman 9

This is an introductory class for those interested in using Canvas Quizzes.

Target Audience: 6-8, 9-12 Teachers

Time: 1:15-2:10

Room: 127

CS24-TP- Do It Yourself Study Aids: Winning Websites & Apps (Guest Speaker)

Presenter: Tony Vincent, Learning in Hand

There are much better ways to study than gazing at a stack of flash cards. Let's see how technology can turn studying into a game! Tony Vincent has collected some of the best websites and apps to help students learn and retain information. Websites like Quizlet and PurposeGames let students search for or input what they want to study and turn it into a series of activities and games. You'll see why when students make their own study aids, it aids in their studying!

Target Audience: All

Time: 10:45-11:45

Room: 133

Tuesday P.M. -2:20-3:15

CS25-TP- 10 Things (At Least) You Didn't Know Your Mac Could Do

Presenter: Mark Williams, Apple Computer, Inc.

This session is all about seeing what makes a Mac a Mac. For example, did you know your Mac not only can read to you, it can do so in other languages? Or, did you know that you can use the Mac to record anything on your screen? Or, did you know that the Mac can summarize long passages of text, thus quickly getting to the essential points? These are just a few of the things you'll learn in this rapid fire session.

Target Audience: All

Time: 2:20-3:15

Room: 114

CS26-TP- TBA

Presenter:

Target Audience:

Time: 2:20-3:15

Room: 120

CS27-TP- Power Up your Classroom with Google Apps and Extensions

Presenter: Jornea Erwin, Technology in Motion - Alabama A&M University

Get ready to increase the learning power in your classroom with Google Apps and Extensions. This session will be packed with resources all students can use! (Will address Accessibility, Organization, Productivity, Note taking, Video, Reference, Audio, and Presentation Apps & Extensions)

Target Audience: All

Time: 2:20-3:15

Room: 122
